Completed HSC with 84.8%	2020-2021
John Dewey Matric Higher Secondary School	
Completed HSC with 83.4%	2018-2019

PROJECTS

RESUME ANALYZER USING NLP
- Provides customized suggestions for enhancing resumes, guiding candidates to improve their profiles according to industry standards and best practices.
- Tailored for use by both companies and job seekers, featuring visual aids such as pie charts and bar charts to illustrate the weightage of resume components for clearer understanding.

FACE RECOGNIZATION FOR ATTENDANCE MANAGEMENT
- Automate attendance tracking using facial recognition technology.
- Improved accuracy, efficiency, and security compared to traditional methods.
- It is mainly used in Schools, colleges, offices, and other organizations.

EXPERIENCE

INTERNSHIP :
Completed a 1-month internship at "NaN Logical Consultancy Services Pvt Ltd", acquiring practical experience in HTML, CSS, and various web development techniques.

WORKSHOP:
I participated in a workshop on Selenium with Java at VIT Chennai. The workshop enhanced my understanding of Java and contributed to strengthening my foundational knowledge in Java programming.

IMPLANT TRAINING:
Attended an implant training at "CLOUDLOGIC TECHNOLOGIES PVT LTD" where I gained essential knowledge in web development.
